Formulation: Oleoresin Capsicum (OC) combined with a **Non-Flammable carrier**. Guardian Protective Devices™ sprays are safe for use with Electro Muscular Disruption (EMD) technology, such as Taser™. UV dye added for easy identification, putting the subject at the scene of incidence.

OC + CS blends are available, custom blends upon request to meet your department requirements.

Safety: A steel "pull ring" type safety pin passes through both the discharge mechanism and the actuator to prevent accidental discharge of the formulation. The unit is also fitted with a shielded pressure gauge to protect against accidental damage.

Labeling: All canister labels are wearing water-resistant and contain the following data:

- Individualized Serial Numbers
- Active Ingredient
- Date of Manufacture
- Date of Expiration
- Lot / Batch Number
- Stock Number
- Decontamination Instructions

Packaging: Department of Transportation (DOT) approved commercial packaging.

 Made in the USA.
