

MPG GEN2 HELMET

MPG GEN2 HELMET

The MPG Gen 2 Helmet provides complete protection in a minimalistic, light-weight form, allowing for hours of continuous training.

Designed to be form-fitting and comfortable, operators can comfortably and safely combine their personal helmets with the MPG Gen2 Helmet. With increased ventilation from the temple all the way around the jaw, the Gen2 Helmet allows for maximum air flow.

Featuring an anti-fog lense that meets both ASTM and ANSI impact standards, this helmet is protective, comfortable, and guaranteed to never fog.

FEATURES

- Full face protection.
- Ultra-lightweight design for mobility.
- Quick adjust, anti-slip head strap.
- Hypo-allergenic closed-cell foam for comfort.
- Clear, scratch-resistant lens with anti-fog treatment.
- Replaceable lenses meet both ASTM and ANSI impact test standards.
- Free-flow for improved hearing and a vented mouth for increased breathability.

Part Number - #MPGGEN2 – Gen2 Helmet
